PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience building scalable, responsive web applications using Vue.js, Nuxt.js, JavaScript (ES6+), and Vuetify. Skilled in reusable component development, REST API integration, performance optimization, and UI/UX implementation. Familiar with React.js, Node.js, Express.js, Git, and Vite. Experienced in developing end-to-end solutions, writing clean, maintainable code, and delivering user-focused applications in Agile environments.

EXPERIENCE

November 2023 - (Present)

PHP Infosec, Ahmedabad

Software Developer | 3+ Years of Experience

Software Developer with 3+ years of experience building scalable, responsive web applications using Vue.js, Nuxt.js, React, and Vuetify.

- Developed reusable, maintainable UI components and optimized application performance.
- Integrated REST APIs and collaborated with backend teams using Node.js and Express.js.
- Worked with UI/UX designers to deliver user-friendly interfaces.
- Ensured code quality through debugging, code reviews, and best practices.
- Collaborated with teams in Agile environments to deliver reliable software solutions.

EDUCATION

2022 – 2024

Master of Computer Applications
R.B.Institute of Management Studies(RBIMS), Ahmedabad

2019 – 2022

Bachelor of Computer Applications
AsiaPacific Institute of Management, Ahmedabad

PERSONAL PROJECTS

Tech Stack:
Nuxt, Node, Express.js

DevsLoad – Online Tools Platform

- Independently developed a multi-tool web platform offering utilities for web development, network diagnostics, QR codes, calculators, and media downloads.
- Designed responsive and user-friendly interfaces to provide a seamless experience across desktop and mobile devices.
- Developed tools for DNS lookup, MAC address lookup, URL redirect analysis, website diagnostics, and network calculations.
- Focused on reusable components, optimized performance, and efficient client-side processing.
- Improved accessibility and usability by organizing tools into categories for easy navigation.
- Continuously enhanced the platform by adding new tools and improving existing functionality based on user needs.

View Project

Tech Stack:
Vue.js 3, Vuetify 3, Node, Express.js, MongoDB

Advocate Management System

- Developed a scalable case management system using Vue.js 3 and Vuetify 3.
- Implemented case tracking, hearing reminders, and expense management.
- Integrated REST APIs and optimized UI/UX for better performance and usability.
- Improved features based on user feedback.

View Project

Tech Stack:
Vue.js3,Vuetify 3, Express.js, MongoDB

GST Billing Platform

- Independently developed a GST-compliant billing platform using Vue.js 2, Vuetify 2, Express.js, and MongoDB.
- Implemented invoice generation, GST calculations, payment tracking, and billing management.
- Built GST reports and business insights to simplify financial record-keeping.
- Helped clients automate invoicing and reduce manual spreadsheet work.

COMPANY PROJECTS

2024

Tech Stack: Vue.js 3, Vuetify 3, chart.js, d3.js

1. **PHP Radius** - Bandwidth Management System
2. **FusionSpot** - Wi-Fi Management System/Captive Portal
3. **PHP GST** - Billing Management System

TECHNICAL SKILLS

Frontend: Vue.js 2/3, Nuxt.js, Vuetify, React.js, Next.js, Tailwind, HTML5, CSS, SCSS ,JavaScript (ES6+) Vite,Responsive UI, ES6+,Axios,

State Management: Pinia,Vuex,Vue Router

Backend: Node.js, Express.js, PHP

Database: MongoDB

Tools & Platforms: Git, GitHub, Npm, ,Axios ,Vite

Achievements

- Developed 5+ production web applications.
- Built reusable Vue.js components reducing development time.
- Improved frontend performance through optimized rendering.
- Successfully integrated 100+ REST API endpoints across multiple enterprise projects.
